Education

2018-02 - 2019-12	Master of Information Technology <i>Monash University - Melbourne, Australia</i> <ul style="list-style-type: none">Received International Merit Scholarship from Faculty of Information Technology.
2010-06 - 2014-06	Bachelor of Engineering: Information Technology <i>Mumbai University - Mumbai, India</i>

Project Undertaken

Thecoloredpassport.com

- Designed, developed, and tested the entire website using WordPress, HTML5, CSS3 as per the client request.
- Successfully gathered client requirements, analyzed them, and came up with the best approach to develop the website. Identified, diagnosed, and fixed issues such as broken links, formatting issues, typographical errors.
- Achieved consistent look across the website using customized uniform fonts, formatting, images, and layouts.
- Performed click analytics and SEO on the website.

Monash Industry Experience Studio Project

Developed an android-based application that can help food delivery cyclists to ride safely in the city of Melbourne.

- Performed data analysis to identify accident-prone areas in the city of Melbourne.
- Collected data from multiple APIs to code functionalities such as listing precautions to be taken in harsh weather, map, and route data.

Our project won first prize in the category, 'Am I safe at work' in Monash Postgraduate Industry Expo 2019.
